About LD2

LD2 2027 runs from January to June 2027. It is a Louisiana Commission for the Deaf leadership cohort, facilitated by Innivee Strategies.

Over six months you will build your leadership skills with a small cohort of peers. Topics include vision and goals, leadership presence, bias and emotional intelligence, adaptive leadership, and communication.

Each member picks one real challenge in their workplace or community, works on it during the program, and shares the results in a short presentation at the closing.

APPLICATION FORM

APPLICATION DUE DECEMBER 13TH

We will ask you to tell us

1. Why are you interested in joining the LCD Leadership Development Program? *(Open ended)*
2. What has been your best experience related to learning to lead, whether volunteering, sports, clubs, or work? What did you learn from this experience? *(Open ended)*
3. What is one skill or area you hope to strengthen during the LCD Leadership Development Program? *(Open ended)*
4. Do you have any questions, comments, or concerns about the LCD Leadership Development program that we can help answer at this time? *(Open ended)*

What LD2 involves

TIME

Between in-person sessions, expect a minimum of about 3 to 5 hours a month.

ATTENDANCE

It's required to come to every session. If you miss one due to illness or emergency, you are responsible for catching up with help from your cohort or accountability partner.

BETWEEN SESSIONS

A short weekly reading or video, a discussion post (ASL vlog or written), and a check-in with your accountability partner every two weeks.

CAPSTONE

A 5 to 7 minute presentation at the closing about the leadership challenge you worked on.

04

Forms you will sign

Before the opening weekend, every cohort member signs three forms.

- **Media release:** lets us share photos, videos and updates about the LD2 cohort on social media.
- **Code of conduct:** how we treat each other throughout the program.
- **Confidentiality:** what is shared in the cohort stays in the cohort.

05

Technology

You will need reliable internet and a device that can run Zoom with your camera on. Readings and discussion posts are shared on our online learning platform. If internet access or equipment is a concern, please let us know early.

06

Access and accommodation requests

We plan access with each person, not from a label. Tell us what you need so we can arrange it before the program starts. Examples include ASL/English interpretation, tactile or close-vision interpreting, Support Service Providers (SSPs), large print, Braille, accessible e-text, or mobility access at in-person sessions.

Please make any accommodation requests by emailing star@innivee.com. Include your name, your preferred language and communication method, your interpreting or SSP needs (in person or on Zoom), vision needs and preferred format for readings, mobility or venue needs, and anything else that will help you participate fully in LD2.

ARTIST STATEMENT: CHRISTY BOUTTE

This design began with Petunia, a pelican from my original artwork, reimagined for Louisiana Deaf Leadership Development. As a Deaf artist from Louisiana, I wanted to bring my own artistic identity to a design that celebrates our community.

The pelican and magnolias connect the logo to Louisiana, while Petunia's vibrant colors, expressive markings, and oyster necklace carry the personality of my original painting. Her hands form the sign for "lead," placing Deaf language and connection at the heart of the design.

To me, leadership means bringing your experiences forward while helping others move forward with you. My hope is that Petunia represents that spirit with warmth, confidence, and pride—a reminder that our differences and individual stories are strengths we bring to leadership.
